In the Name of Allah, The Merciful, The Most Compassionate

Thanks be to Allah the Lord of the worlds, and prayers and peace be upon the messenger of Allah and his family and companions and plentiful greetings to them and what follows:

In tandem with a brute military campaign conducted by the agent Yemeni army under orders from American commands against the tribal areas in Abian and Shabwa, “Abdu Rabbo Hadi” made a statement in the graduation party of graduate group number (25) of the master degree in law and police sciences, which he filled as his norm with lies and falsehood against the Yemeni people in Yemen

We have a few notes about this address:

First: this address and that military escalation from the Sanaa government comes after repeated visits by the defence minister to Washington with a group of military forces personnel and journalists to take instructions from their American masters, to push the Yemeni army in a losing battle which has no point or goal but realise American interests

This campaign comes in a time when the Yemeni army disappointed the hopes of AlSunna people in Dammaj, Imran, Hajja, Arhab and others by being in a shameless position and moreover collaborating with the attacks of AlHothi group and their massacres against Muslim. And in spite of the continuation of the AlHuthi danger, still the army takes its disappointing shameless position

We say that there’s no reason for those latest campaigns against the areas of AlSunna tribal areas in Shabwa and Abian and that explains the lies and mistakes which “Hadi” made deliberately in his last address, as he escaped the country’s accumulated problems and went to useless war by proxy

Second: “Hadi” alleged falsely and lying that the mujahedeen are the reason behind the economy failing in the country and they form an obstacle in the way of change.

The clear obvious truth which has no doubt and which is now know by the population is that the reason behind the country’s failure during the last decades is the governing political gang which “Hadi” was and still is one of its pillars, and that what the people are reaping in terms of poverty, tests, and tribulation is an inevitable result of those decades when a tyrant gang controlled the assets of the people, so it stole their treasures, and sold them to the crusaders at the cheapest of prices, and spread killing, and encouraged disunity and enticed prejudices, and after that and in addition to the crisis they brought the poor people, they collaborated in the last few years with the American drones which kill Muslims in cold blood.

So which investment is that thief talking about and which development that thief talks about, and about which economy that road robber, people killer is talking about, and in the authentic hadith

(One of the sayings of the early Prophets which the people have got is: If you don't feel ashamed (from Haya': pious shyness from committing religious indiscretions) do whatever you like.)

Third: “Hadi” has tried to divert attention from the obvious American occupation of Yemen, land, air and sea, so he in lying and falsely claimed that %70 of the mujahedeen in Yemen are foreigners and don’t care about the destiny of the nation and that prevents dialogue with them, and we assure that this is a lie, as the majority of the Mujahedeen are sons of this Muslim country and all are brothers in religion, and by the grace of Allah are rooted in their tribes and amongst their Muslim brethren, following the footsteps of Ansar forefathers Allah said:

And those who, before them, had homes (in Al-Madinah) and had adopted the Faith, love those who emigrate to them, and have no jealousy in their

breasts for that which they have been given (from the booty of Bani An-Nadir), and give them (emigrants) preference over themselves, even though they were in need of that. And whosoever is saved from his own covetousness, such are they who will be the successful [AlHashr: 9]

If “Hadi” was truthful he would have talked about the foreign comers who don’t care about the country among the American marines in Sanaa, Mokalla, Lahaj, Adan, and who direct the drones against Muslims in Yemen

And if “Hadi” was truthful, he would have talked about the foreigners who don’t care about the country’s interests as in the ambassadors of America and Britain and other crusade nations who control the policy of the country unashamedly in a way that everybody can see

And if “Hadi” was truthful, he would have talked about the foreign crusaders who steal the wealth of the country in land and sea and don’t even give breadcrumbs, while the sons of the country die of hunger, illness and poverty.

As for the dialogue he drawled about in his speech, a delegation from the Yemen scholars have issued a statement dated 25 Rabia Awwal 1434h, 5 February 2013CE, in which they made it certain that the reconciliation efforts which they put between mujahedeen and the Sanaa regime were crushed by “Hadi” with no reason, and they held him accountable for the blood that is shed and the results of this unfair war, and we ask the Muslims to review the statement above to clarify the truth of misleading the Muslim people, and in the hadith about the lies that “Hadi” commits says: (There are three (types of) people to whom Allah will not speak on the Day of Resurrection, nor will He purify them, nor look at them, and they will have a painful punishment. These are: An aged man who commits Zina (illicit sexual act), a ruler who lies, and a proud poor person.) Narrated by Muslim

Fourth: “Hadi” spoke about a grand conspiracy against the country, and forgot that he and his gang are the biggest plot against the Muslim people,

it's he who stole and nicked the revolution of the people against his ousted predecessor, and he handed big parts of the country to the group of AlHuthi, and he allowed the American aircraft to commit massacres.

He killed his people by the hands of his army forces and police in Hadramout and Radaa and Abian and Shabwa and AlDalea, and he pushes the army and security forces into a losing war by proxy, and he prevents the sharia law, and fights religion and morals and values, and wants to shred the country and turn it into small fighting geographical groups, all that for jobs and interests.

Fifth: "Hadi" admitted in his speech that the Muslim people in Yemen hate their army and security forces, and forgot that the real reason for that is that the army's job changed from being a guardian of the people to a collaborator and an executor of the crusaders' plans, adding to the criminality, injustice which these forces practiced in the last years such that its presence has become dangerous for Muslims, and what happened in Hadramout in terms of atrocities performed by the army against the tribes is an example showing that the army wherever it goes, it spoils and makes the honourable people of the region humiliated

Sixth: that speech has conveyed how a grand part of the sons of the country are unhappy about the bad policies of "Hadi" and rather than listening to reason as in the advice of the people who warn him against waging wars against the sons of the Muslim nation, and he described those advices in a very impolite terms, claiming he knows reality better and doesn't need advices of the advisors, and I hear call on the wise people of the Muslim nation, prominent and scholars to stop this ruler who is taking this country into oblivion and we tell them to enjoin what's good and forbid what's evil before the ship sinks and it would be too late.

And finally: the messenger of Allah prayers and peace be upon him said: (He who dies while defending his property is a martyr; he who dies in defence of his own life is a martyr; and he who dies on defense of his faith is a martyr,

he who dies in defence of his family is a martyr) narrated by Abi Dawod and AlTermithi

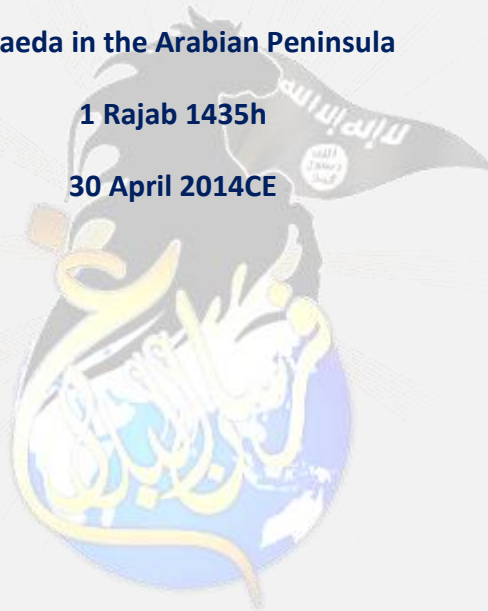

The mujahedeen will continue to stand by their nation against its crusade enemy and its agents and will defend their nation, religion, and honour against those crusade unfair campaigns taking support from Allah alone, and the transgressor will end up losing

And Allah has full power and control over His Affairs, but most of men know not.
