**Titled: [commentary on the latest American  
shelling in Yemen]**

**Rajab 1435 A.H**

## **In the Name of Allah, The Merciful, The Most Compassionate**

**Thanks be to Allah, and prayers and peace be upon the most noble of prophets and messengers and what follows:**

The whole world witnessed last week the American shelling campaigns which got Muslims in the Yemen of faith and wisdom, and that resulted in mujahedeen and common Muslim martyrs in Baydaa and Shabwa, we ask Allah to accept them and elevate their place in His company and to elevate their status, and to replace them for us, and for their families; and based on that; we note that this shelling and others are but parts of the parts of the war which the Muslim nation leads against the Zionist-Crusade enemy and its clients. And we assure our Muslim brethren that the mujahedeen and their leaders are in good condition by the grace of Allah, unlike what the agent government in Sanaa claims, part of their rumours in the media is that they killed three mujahedeen amongst them is a senior AlQaeda person during a landing that the Yemeni forces – they so claim – against a car with mujahedeen in it in Shabwa and that's bald lie, as the three mujahedeen who were killed, none of them was a senior person in AlQaeda.

And we tell the American enemy: the Muslim nation has shown to be hard to lead and hard to give in to the attacking occupiers, and war only bears war, and ask old Britain why it escaped Yemen? It the aircraft like you did, employed spies like you employed, and took soldiers like you did, any moreover they created a pure British colony in Yemen and you are going over the same route, and will meet the same destiny – with the permission of Allah

**A nation on earth not beatable by a criminal \*\*\* It's but the humiliation of the criminal**

**Say not it's been humiliated, it's not credible \*\*\* that a mouse humiliates a grand lion**

Our forefathers fought Britain and its agents, and make jihad by the support of Allah and supplied and power against America and its agents and we entice Muslims to do that as Allah said: (Then fight (O Muhammad ) in the

Cause of Allah, you are not tasked (held responsible) except for yourself, and incite the believers (to fight along with you), it may be that Allah will restrain the evil might of the disbelievers. And Allah is Stronger in Might and Stronger in punishing. And having talked about America and its agents we are to talk also about the agent Sanaa government and say: this American campaign came after several visit by the defence secretary with a military and media entourage to their masters in Washington, and rather than bringing the alleged aid to the poor people the Sanaa government brought trouble, shelling and destruction, they turned out to be more of a jinx than Abi Raghail to their people, and Allah is our resort and suffice He does. This American war that the Sanaa government has chosen to participate in and to play the spy client role in it will grind all that they collect in terms of futureless goods and posts and grades. America went running away from Vietnam after it finished all its efforts shelling the Vietnamese people and then left its agents to meet their destiny. That very same is repeating in Afghanistan and Iraq, and the American agents in the Arabian Island will meet the same destiny with the permission of Allah.

We say that after having done all we could to prevent the army going through certainly lost battles against mujahedeen and the Sanaa government could have done better by rather than going through this lost war, rather to hear and obey the calls of Sunni Muslims in the north of the country after the Hothies were given free hand to practice their crimes with all people looking and listening, so where's the alleged nationalism of the army and where is its role? Or is the gun only to be pointed according to American desires?

Finally, we thank our Muslim brethren everywhere for their stance in which they deplored the horrible American crimes of the Yemen of faith and wisdom, and we assure them that our jihad is continuing unstopped by the plot of a traitor, or weakened by the slyness of a trickster, and we won't put down our weapon - with the permission of Allah – till our Muslim nation's rights care restored, and we repel the occupier and push back the aggressor,

and that nation is ruled by sharia and justice and shura rule supreme and the last of our supplication is that thanks be to Allah.

Greetings from your brethren
